

For depositing any type of fees to University, student have to login their web portal or android application called Student Support System, then they get informed how much fees they have to pay and in which account head. Accordingly student pays fees through secure web payment gateway. He is also allowed to print receipt for the same along with the transaction details. Fee paid by the student directly get deposited in the University's bank account, which student can also view through his login of Student Support System. In short all the payment or fee details are stored on University's web portal which can be accessed by different stakeholders.
