- **How are the programmes of MMYVV different from other Universities?**

Besides benefits which the students gain in the normal educational system, exposure to time tested, scientifically validated, Maharishi's Consciousness based Education System helps students reach full potential as human being. Other additional benefits include – The practice of Maharishi's Transcendental Meditation (TM) Programme is the practical aspect of Maharishi's Vedic Science and Technology, which imbibes the basic principles underlying and supporting the development of higher states of consciousness, thus laying the foundation for increased intelligence in the minds of the students and support of laws of nature. These deep connections between the students own growth of individual consciousness and cosmic consciousness around them is an integral part of curricula at MMYVV. Maharishi Transcendental Meditation[TM] technique, which is taught to every student is a simple, natural and effortless technique which is easily and systematically learned by anyone irrespective of age, education, religion, or background. The twice daily group practice of TM instills in students a natural orderliness and coherence making them more receptive to knowledge. They exhibit greater alertness and radiate bliss and friendliness to their classmates and their teachers. MMYVV has life oriented life supporting Vedic courses, which hone the overall personality and outlook of students leading to a better quality of life. Ambitious students also combine Graduates programmes with Jyotish, Vastu or Health courses to develop their knowledge as a hobby or qualify to dual profession utilizing this knowledge as consultants.

- **In ODL mode how a student can communicate with University stakeholders for resolution of any query or complaint?**

MMYVV has developed a 'Student Support Portal' which plays a vital role in getting feedback from students as well as faculties of University. Through this mechanism students can ask any query related to subject being studied and can get clear guidance on how to improve their learning. Not only with Subject expert student can lodge any complaint related to Enrollment, Exam form, Accounts, Mark sheet, Result, Technical Support etc from this system. All the queries have a maximum limit of 3 working days to be resolved.

- **How Student Support Portal can be accessed?**

MMYVV has developed a Student Support Portal which can be accessed through the University website as well as can be installed through an android app on student's mobile. Student enrollment number remains the login ID whereas DOB remains the password, which can be changed after first login for security reasons.

After login, student may-

- Access all the academic schedules of his/her enrolled program.
- Access the e-books of SLMs, Power point presentations, or video lectures of his/her enrolled program.
- Access the Assignments, project etc.
- Upload any query related to any component of paper which will be resolved by the subject expert of University.

Actually this facility was developed by University with a view to assist students who cannot visit University on a regular basis. These students are either house wives, self employed or working professionals working in some organizations etc., who wish to further develop their professional qualifications.
